BSc. Project Logbook

Student Name: Saphal Chudal **LMU ID: 23049987**

Meeting No: 16 **Start Time: 08:00 A.M**

Date: 2026-03-22 **End Time: 10:00 A.M**

Items Discussed:

1. Review of chat system implementation.
2. Review of video call (meeting) feature.
3. Discussion on milestone submission and approval workflow.
4. Feedback on integration of communication and project features.

Achievements:

The chat system, video calling (meeting feature), and milestone submission and approval functionalities were successfully completed and reviewed. The supervisor confirmed that these features are working as expected and align well with the overall system workflow. This marks a major milestone, as core interactive and transactional features of the platform are now functional.

Problems:

Some minor issues were identified in syncing real-time communication with milestone updates, especially ensuring smooth interaction between chat, video calls, and project progress tracking. These areas require slight optimization to improve performance and user experience.

Tasks for the Next Meeting:

1. Implement Dispute Resolution system.
2. Develop Admin Panel features.
3. Start Working on Documentation.
