Meeting logbook Entry Sheet

BSc. Project Logbook

Student Name: Saphal Chudal **LMU ID: 23049987**

Meeting No: 15 **Start Time: 10:30 A.M**

Date: 2026-03-15 **End Time: 12:30 P.M**

Items Discussed:

1. Review of payment system implementation.
2. Discussion on improving payment UI design.
3. Feedback on user experience for transactions.
4. Suggestions for better visualization of payment flow.

Achievements:

The payment system was reviewed, and key improvements for UI and user experience were identified. The overall payment workflow was confirmed to be functional, and enhancements were suggested to make it more intuitive and user-friendly. This helped in refining how users interact with payment-related features in the system.

Problems:

Some UI elements in the payment section were not clear enough, making it slightly confusing for users to understand transaction status and flow. Additionally, aligning the UI with backend payment logic required adjustments to ensure consistency and clarity.

Tasks for the Next Meeting:

1. Implement milestone submission system
2. Develop chat functionality
3. Improve integration between payment and milestone features

Internal Supervisor Name: Kushal Tamang

External Supervisor Name: Abhinab Shrestha
